Our yearly educational conference is successful because of the dedication, commitment and generosity of the businesses and organizations that participate as conference sponsors. Your sponsorship contributes to the overall quality of the conference, while providing your company with high visibility and recognition among attendees.

In these tough economic times, we understand the impact that it has created amongst our community partners. To show our support, CMSST Board of Directors have opted for an open style table displays at lower exhibitor registration fees but maintained most of the added benefits as in previous conferences.

Note that exhibitor reservations are based on timeframe submission (hence, the rationale for online submission). Similar to the ‘first come first serve concept,’ those exhibitors who submit their online reservations first (with full payment due by July 1, 2010) will have priority in choosing their allocated display table based on availability within the desired location. Since exhibitor availability is limited due to space, payments not received by July 1, 2010 will void the existing reservation and provide opportunity for the next exhibitor on the waiting list.
